### Greetings Dear Friends:

Cries for "Let it Snow, Let it Snow," brought results! After several days of the falling white stuff, we were delighted to see it come to an end. We are so thankful the snow and poor traveling conditions occurred after all our Christmas deliveries had been made. How blessed we are to be able to share love and hope with those in need throughout the year. We are immensely grateful to each of you for your generosity and support of the Mission of Hope. As we enjoy the beauty of the coming season with the colorful and fragrant flowers as they "spring" forth, our prayer is that we will continue to be a beacon to others as we share our resources and the love of God with them.

May God's blessings and protection be with you and may He be your greatest HOPE!

*Emmette Thompson, Executive Director*

## THE YEAR IN REVIEW

As we take a look back at 2014 and begin the new year of 2015, our hope is that we will continue to have the resources needed to assist those struggling to get by in the very depressed and rural communities we serve throughout Appalachia. We were privileged to assist 27 Elementary Schools. From the 13 high schools we assist, we now have 47 students receiving MOH Scholarships. They are attending Community Colleges, Technical Schools and Universities located in both Tennessee and Kentucky. At various times, we have assisted 55 different Mountain Ministry Centers. We were blessed to partner with RAM (Remote Area Medical) on Medical Clinics in the areas they serve. We have done home repairs and built handicap ramps for those who desperately needed our help.

Throughout the year we sent over 100 MOH Trucks loaded with various items of food, hygiene, clothing, furniture, household items, appliances, building materials, Bibles and tracts, etc. All of these items were in turn given to those who were truly in need. Our Back-to-School Program provided NEW backpacks and school supplies to almost 11,000 students. As stated previously, our just completed Christmas Program assisted over 18,000 children and their family members. We also were able to assist six Mountain Ministry Centers with items for their Christmas Giveaways. The number of children and adults we were privileged to pray for and help them as they asked Jesus into their heart and life is yet undetermined.

We have been immensely blessed, and for that we are extremely grateful. We could never do what we do without you. **Thank You** for what you do in so many ways to help us extend True and Genuine HOPE.

## NEW MOH FRIEND IN LEXINGTON, KY

Last year in the late fall I was introduced by a MOH Friend; to WKYT - TV in Lexington, KY. I shared our Story with their Staff and humbly appealed to one of their people in management, Aimee Kidd to go on a Mission Of Hope Christmas Delivery. She did and the phone message she left me on her way Home, spoke volumes: "Emmette, I Get It Now. Come see me in January about our station getting more involved." Well I went and they have been involved all year with an incredible show of support for our humble Appalachian Relief Ministry: Scholarship Promotion in the spring, Back-To-School Promotion this summer and Christmas Promotion in recent weeks. I am so grateful to Aimee and her entire WKYT Team for the Mission of Hope Christmas Delivery Story they did at Owsley County, KY, Elementary School. One Volunteer expressed well what this delivery meant to him. "The true spirit of Christmas is not about the stuff; it's about the smiles and the excitement that you're feeling when you see the kids."

## MOH VOLUNTEERS SHARE THEIR STORY

Judith and Richard Mynatt, along with our MOH Team from Central Baptist Bearden Church, led a very special day at Mountain View Elementary School. Their words express what it means to be a part of sharing and helping those who are in need of our love and support.

"Thank You to all who purchased items for the children, worked at the warehouse, packaged teacher gifts and served on the delivery trips. Christmas could not have come to Mountain View Elementary without each one of you contributing. We are grateful to DeRoyal for the use of their semi-truck and their employees Eddie Crockett and Jamie Gibson. Thanks also to New Balance Shoes for donating their shipping boxes to us."

"While we were there the school principal Heather Gay and 21st Century Coordinator Sarah Osborne were making arrangements with their own churches to pay a family's utility bill. They had been without power for months Mrs. Gay would not leave for Christmas break until she was sure this family had heat. Another staff member, a grandmother of four children -- ages infant to HeadStart -- was very grateful for food, clothing and extra toys for them. She is the sole support for five children and her disabled husband. She heats their home with whatever she can get-- coal or wood. A homebound eighth grader was able to come and choose toys with her classmates. She has endured months of chemotherapy battling ovarian cancer."
